

A Plan of Care
For Each Resident

a truly Exceptional place

Garden Park is conveniently located in a quiet residential area of south Shreveport close to the Industrial Loop, Inner Loop, Linwood Avenue, Ellerbe Road, and I-49. Nestled among over 20 beautifully landscaped acres for your safety and peace of mind, Garden Park might let you forget you are in an urban area. Garden Park is one of Shreveport's finest and most modern nursing facilities with amenities that include private suites with kitchenettes, spacious private and semi-private suites, our own in-house chapel, multiple day rooms, an arts and crafts center, a spacious open dining room with selective menus, and our extensive in-house rehabilitation and fitness gym. While we are indeed proud of our facility, we know that what counts most in a nursing facility is resident care. At Garden Park we know that quality resident care is no accident. It is the result of thorough training and hard work with a constant goal of improvement. It is also the result of a team of professionals committed to providing the very best in Quality Care. Our rehabilitation programs, including physical, speech, and occupational therapy, offer our residents the opportunity of returning to their greatest degree of independence based on a plan of care tailored to the specific needs of each resident. Our Physical Therapists help restore the range of motion, balance, strength, coordination, and functional mobility that allow our patients to improve the quality of their lives. Our Speech Therapists evaluate and rehabilitate swallowing disorders, language, speech, written and spoken verbal communication, and verbal memory problems. Our Occupational Therapy team evaluates and provides training in activities of daily living such as feeding, dressing, bathing, and meal preparation. At Garden Park Nursing & Rehabilitation Center, LLC we are committed to *Improving Quality of Life.*

quality Care

We believe that all our residents deserve to be treated with respect and dignity. Garden Park realizes that each of our residents has individual needs, and we specialize in providing the care necessary to fulfill these needs. Our interdisciplinary team works together with each resident's doctor and associated health care professionals to develop a plan of care tailored to meet the specific needs of each resident. This plan of care is implemented by a dedicated, professional staff trained to the highest standards of excellence, yet sensitive to the emotional needs of our residents. At Garden Park Nursing & Rehabilitation Center, you will find *Quality Care and Superior Service.*

Central Management Company LLC is passionate about its mission to *IMPROVE QUALITY OF LIFE.* Beginning in 1962 with *Autumn Leaves* in Winnfield, we are a local company that operates nursing facilities, home care agencies, and rehabilitation services across Louisiana and has over fifty years of experience in long term care. Central Management continues to earn the respect of our residents and their families, as well as our peers in the medical community. While each facility is unique, having its own personality and character, all are bound together by a corporate philosophy and commitment. We emphasize and value quality care and superior service in all our facilities throughout the state. Our commitment to *IMPROVING QUALITY OF LIFE* is not a passing fad or empty slogan. It is found in every facility, in every administrator and in every department.

At Central Management Company we take our responsibility to be good stewards seriously and put our resources where our priorities are. We believe in continuous staff development and training, substantial reinvesting in upgrading (or rebuilding) our facilities, and adding cutting edge technology to provide the very best services to our customers. We believe our staff makes the difference. They are first in line to partner with state agencies and trusted vendors to test and evaluate new procedures and services and have served on many boards and committees throughout the state including the Louisiana Nursing Home Association, Louisiana Board of Examiners for Nursing Facility Administrators, LEADER (Culture Change), the Home Care Association of Louisiana, LABI, and numerous local and civic organizations. Our supervisors and administrators expect more than mere technical compliance with governmental rules and regulations. They lead a team sensitive to the social and emotional needs of the residents. Consequently, our employees know more than their job - they know the importance of a kind word, a gentle touch, and the healing power of a smile. Our staff is passionate about *IMPROVING QUALITY OF LIFE.*

Testimonials

We are grateful to have my father safe, comfortable, and so well looked after. He has great confidence in his physical therapist here and is thrilled that his dog can spend time here with him, too. My sisters and I are breathing a big sigh of relief!
